EDUCATION

Graphic Era Hill University

Bachelor of Technology in Computer Science

Dehradun

Aug 2021 – June 2025

Aryaman Vikram Birla Institute of Learning

Senior High School (12th) - 79.3%

Haldwani

2020

EXPERIENCE

React.js Intern

Next24tech Technology and Services

July 2024 - Sept 2024

Remote

- Developed robust **REST APIs** with **Express.js** and **MongoDB** for efficient data management
- Built dynamic web applications leveraging the **MERN** stack for seamless client-server interaction.
- Integrated **JWT** authentication to secure routes and manage user sessions.
- Utilized **React.js** for component-based front-end development and **Redux** for state management, optimizing app performance.

PROJECTS

Postify | *MongoDB, Express.js, React.js, Node.js, Tailwind CSS, Cloudinary*

[Github](#)

- Developed a full-stack blogging platform using the **MERN** stack, offering an engaging user experience.
- Implemented **JWT authentication** with role-based access, ensuring secure user interactions.
- Employed **bcrypt** for password hashing and integrated **Cloudinary** for efficient media management.

VideoPlex | *MongoDB, Express.js, Node.js, Cloudinary*

[Github](#)

- Developed the backend for a **YouTube**-like platform, enabling users to upload videos, manage thumbnails, and interact through likes and comments.
- Implemented **JWT** authentication for secure user access and utilized **bcrypt** for password protection, ensuring robust security.
- Enhanced user engagement with features such as channel subscriptions, custom playlists, and a Twitter-like posting system for sharing updates.

ReachBoost | *MongoDB, Express.js, React.js, Node.js, Tailwind CSS, Cloudinary*

[Github](#)

- Developed a **MERN** stack web application enabling YouTubers and content creators to upload thumbnails and receive reviews via votes for enhanced social media engagement.
- Implemented **JWT** authentication to ensure secure access, allowing only authorized users to utilize the application's features.
- Integrated **Cloudinary** for seamless image management, enabling users to upload, store, and manipulate images efficiently.

IdeaHub | *MongoDB, Express.js, React.js, Node.js, Tailwind CSS*

[Github](#)

- Developed a **MERN** stack web application enabling tech enthusiasts to discover new projects and potential saas ideas along with the tech stack .
- Implemented **JWT** authentication to ensure secure access, allowing only authorized users to utilize the application's features.
- Implemented **comments and replies** features for an engaging discussion about the project idea.

TECHNICAL SKILLS

Languages: C/C++, JavaScript , HTML , CSS

Frameworks/Libraries: Node.js, Express.js , Tailwind CSS , MongoDB , React.js

Developer Tools: Git,VS Code

Other Tools:: Postman
